Indoor Guard Partnership Information

Make History for Our Future!

Enhance Lives through the Arts...

Students that participate in the arts are higher performing students that tend to stay away from negative influences, crime and gangs. Your support allows kids to remain involved in arts programs plus ensures the programs remain available.

Contribute to Tomorrow's Leaders!

“What am I Supporting?”

The Marching Band is often the most visible part of our program, but you are supporting so much more. The “Band” includes Pit (percussion) musicians and Color Guard. After the marching is over, these talented musicians move to Concert and Jazz Band plus Pit participates in Percussion Ensemble which encompasses the rest of the school year.

The Color Guard is now starting their Indoor Guard season. They spend countless hours practicing in preparation for the upcoming competitions and require different costumes, props and travel. We also host a competition at Red Land where bands participate against other high schools.

Supporting the “Band” is not only supporting the entertaining program, it is also supporting the memories and relationships kept long after High School ends and adult life begins. Our students become leading members of communities all over the world, providing a positive influence.

An it all begins with your support.

Thanks for making a difference!
